IRIS CALLOWAY

Petal Lattice

· INTRICATE ·

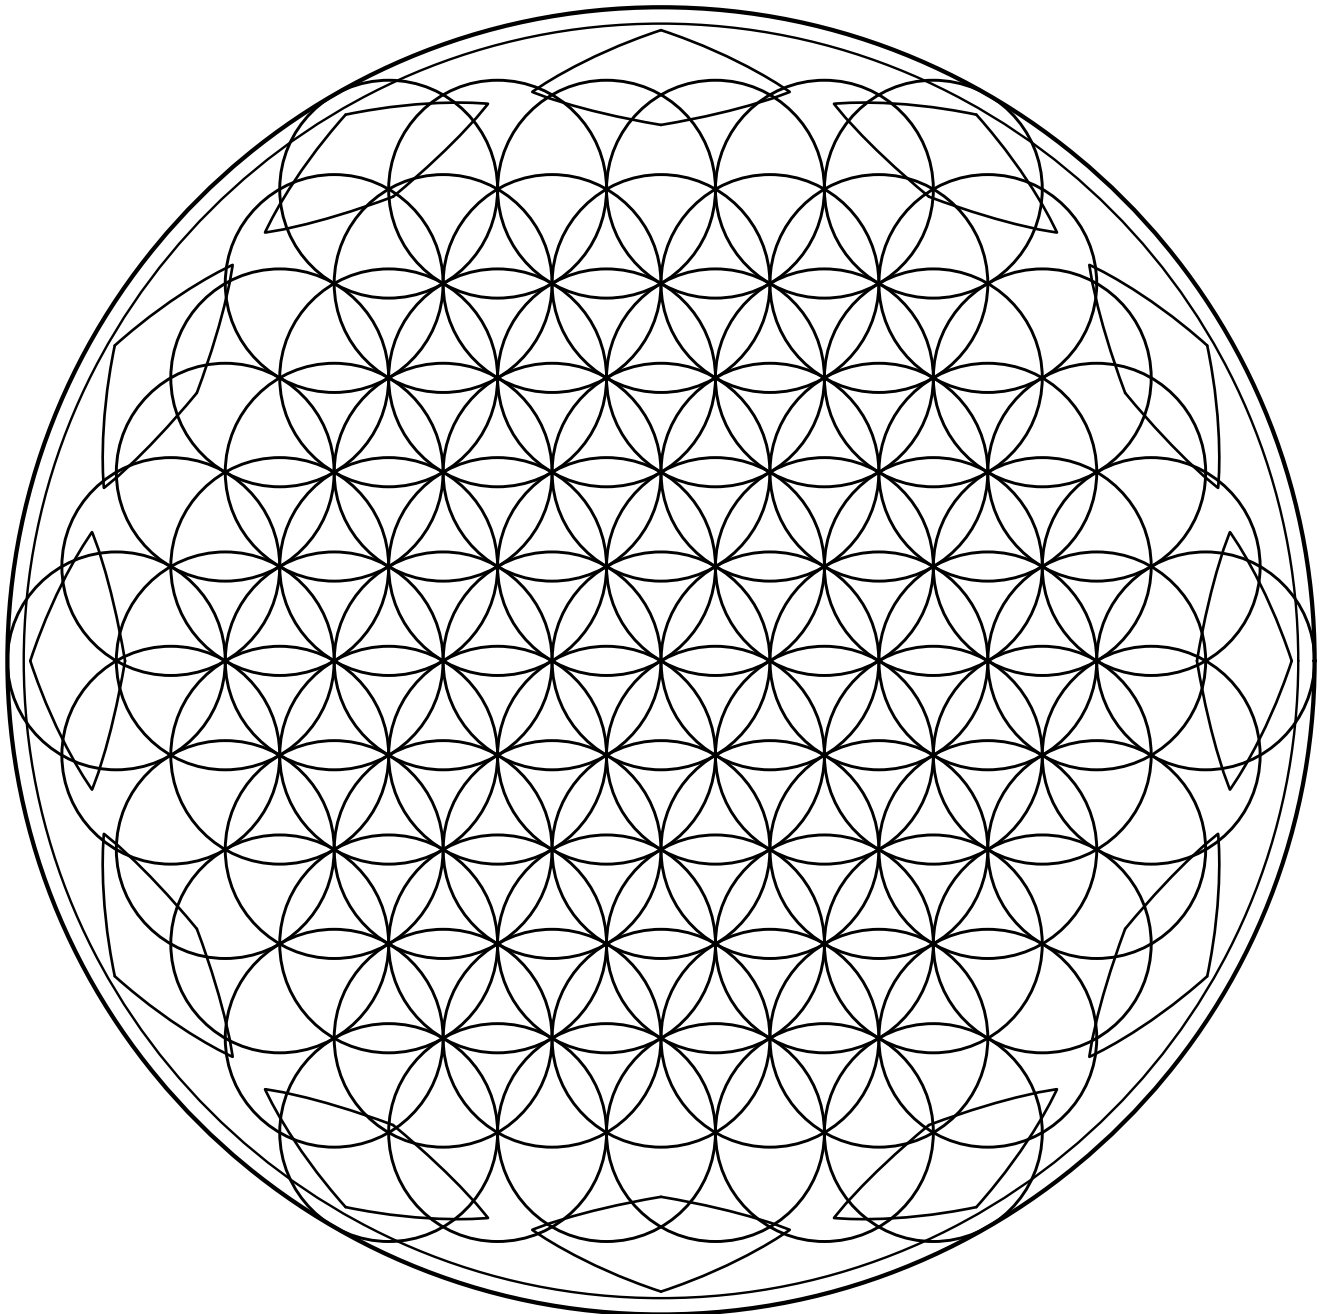

Overlapping circles weave a lattice of petals – colour each lens in turn.

Vesica Lattice

INTRICATE

— ◆ —
• • •
An overlapping-circle lattice — vesica cells in sixfold harmony.

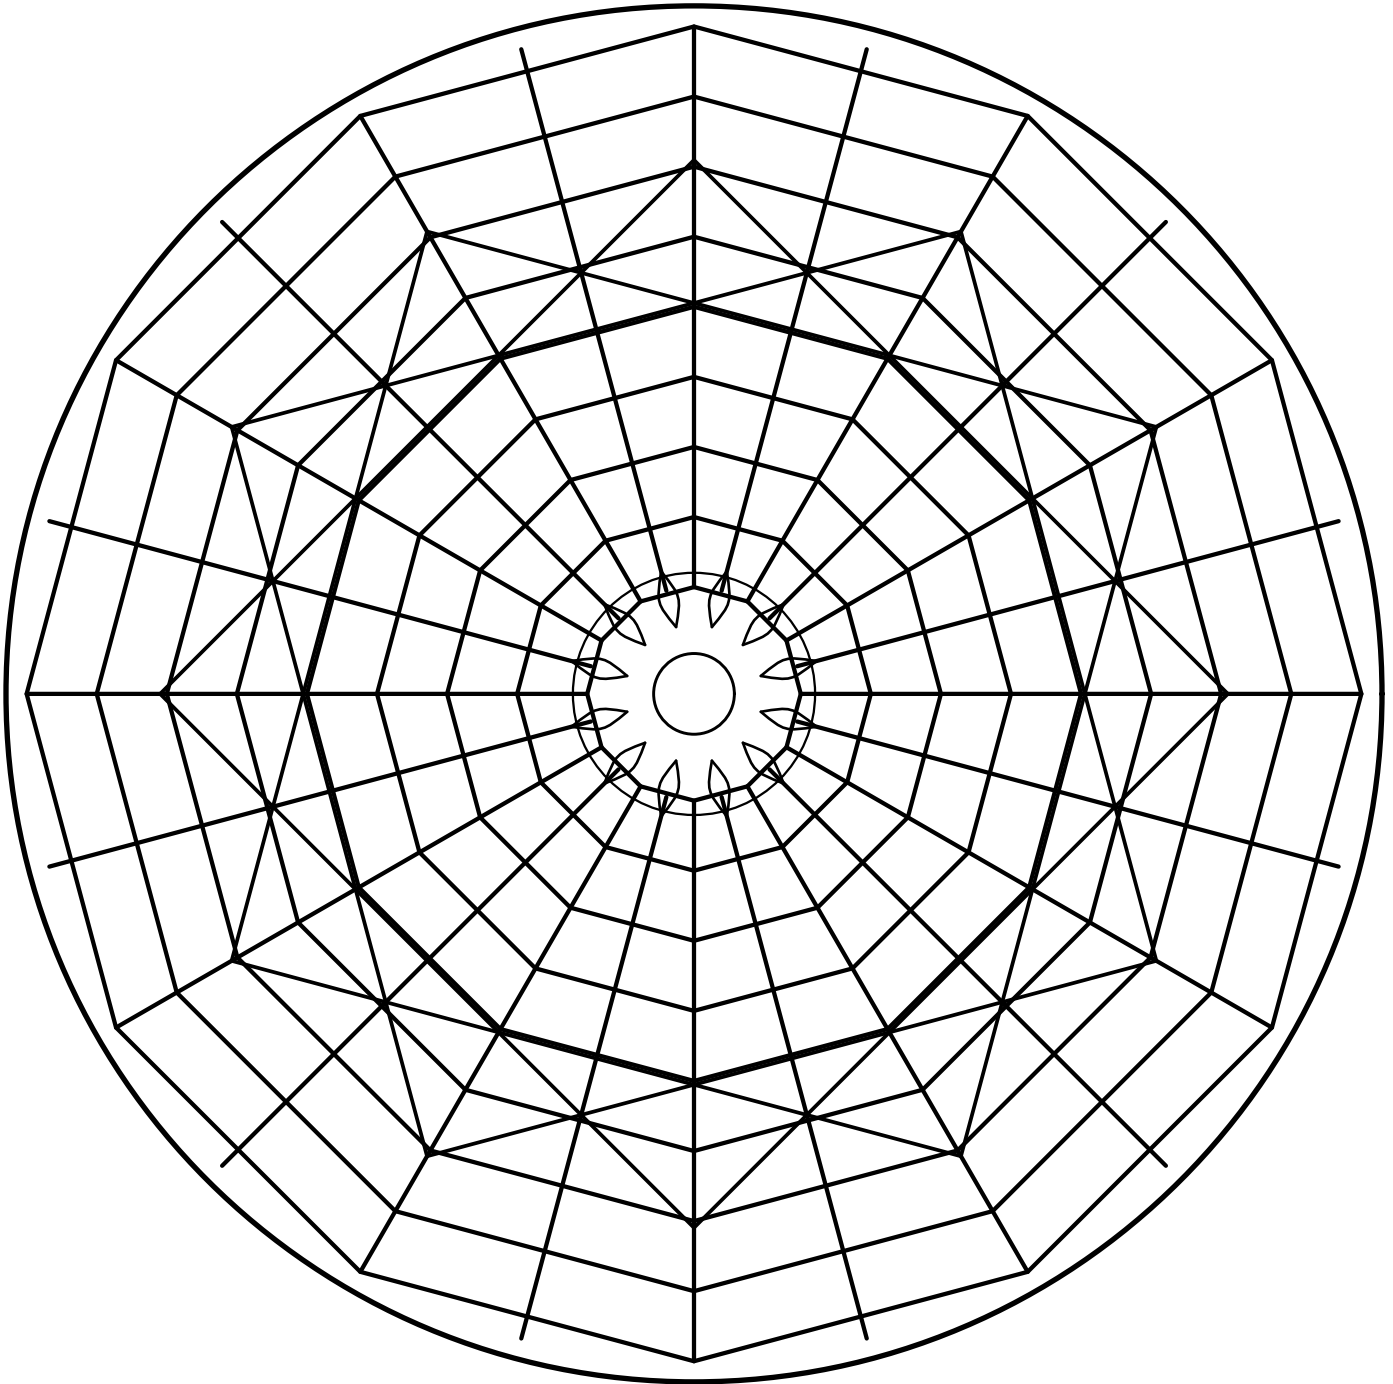

Star Web

INTRICATE

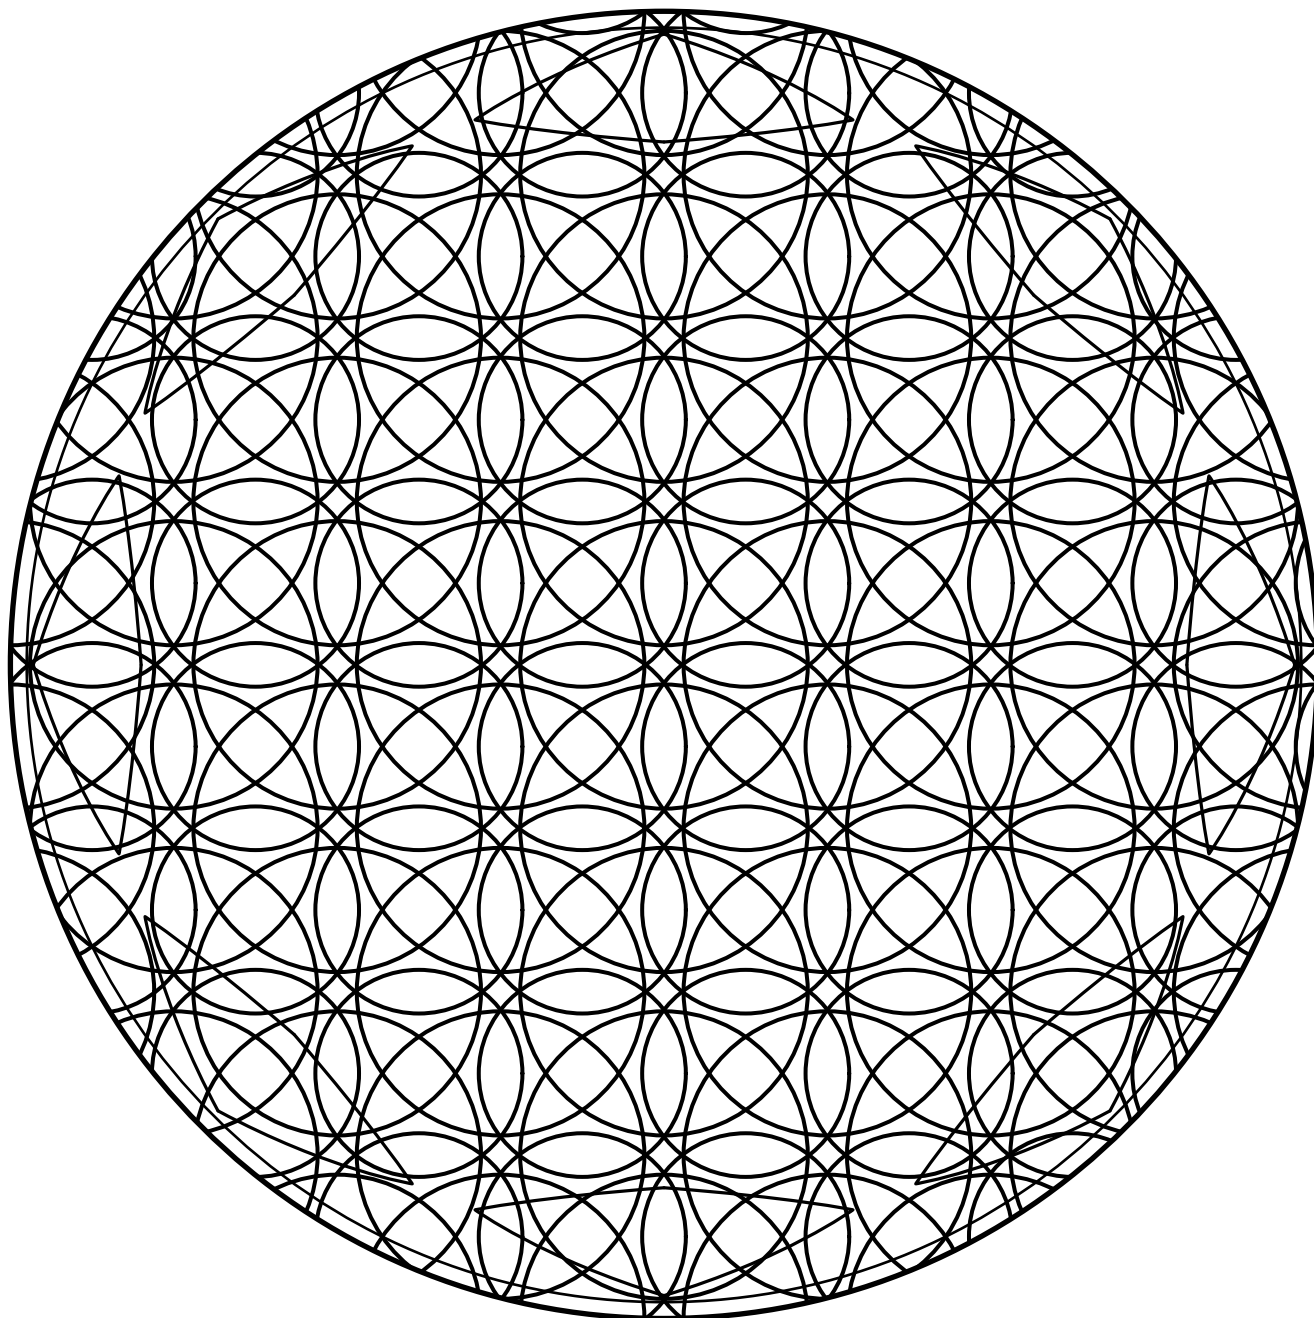

Concentric star-frames crossed by spokes – colour each faceted cell.

Blossom Web

INTRICATE ·

— ◆ —
• • •
A garden grid of meeting circles — soft cells to fill one by one.

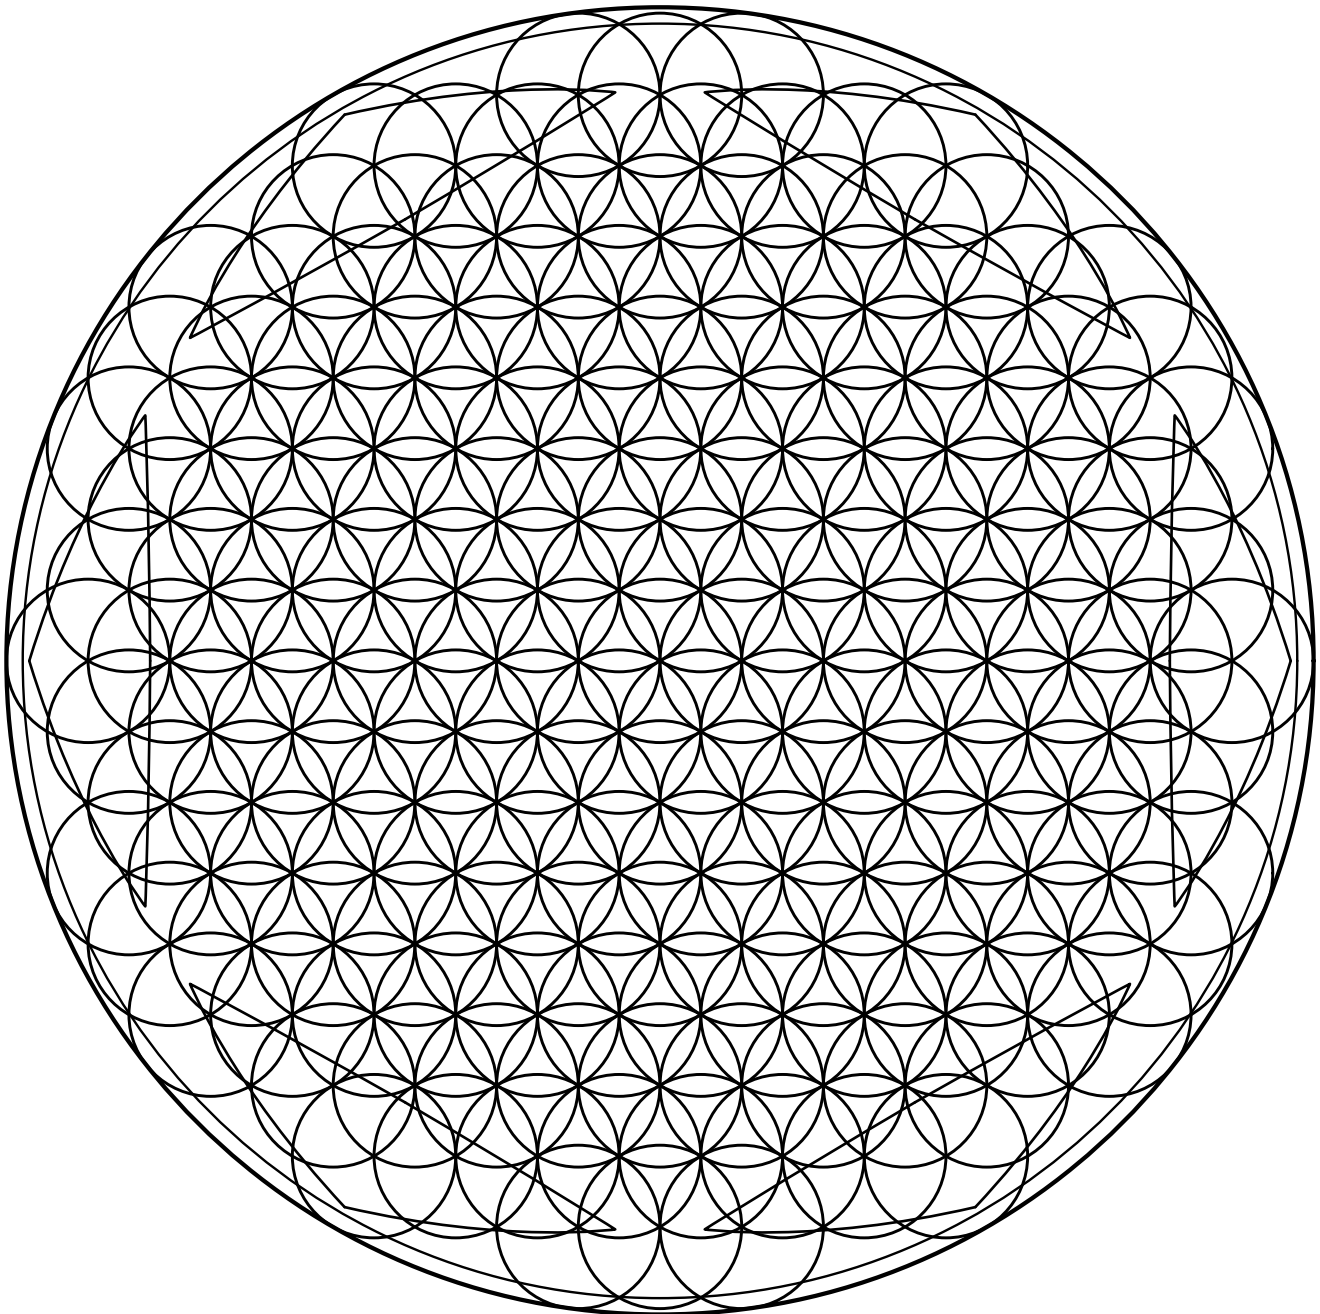

Web of Circles

INTRICATE

A web of meeting circles – colour each almond-shaped cell in turn.

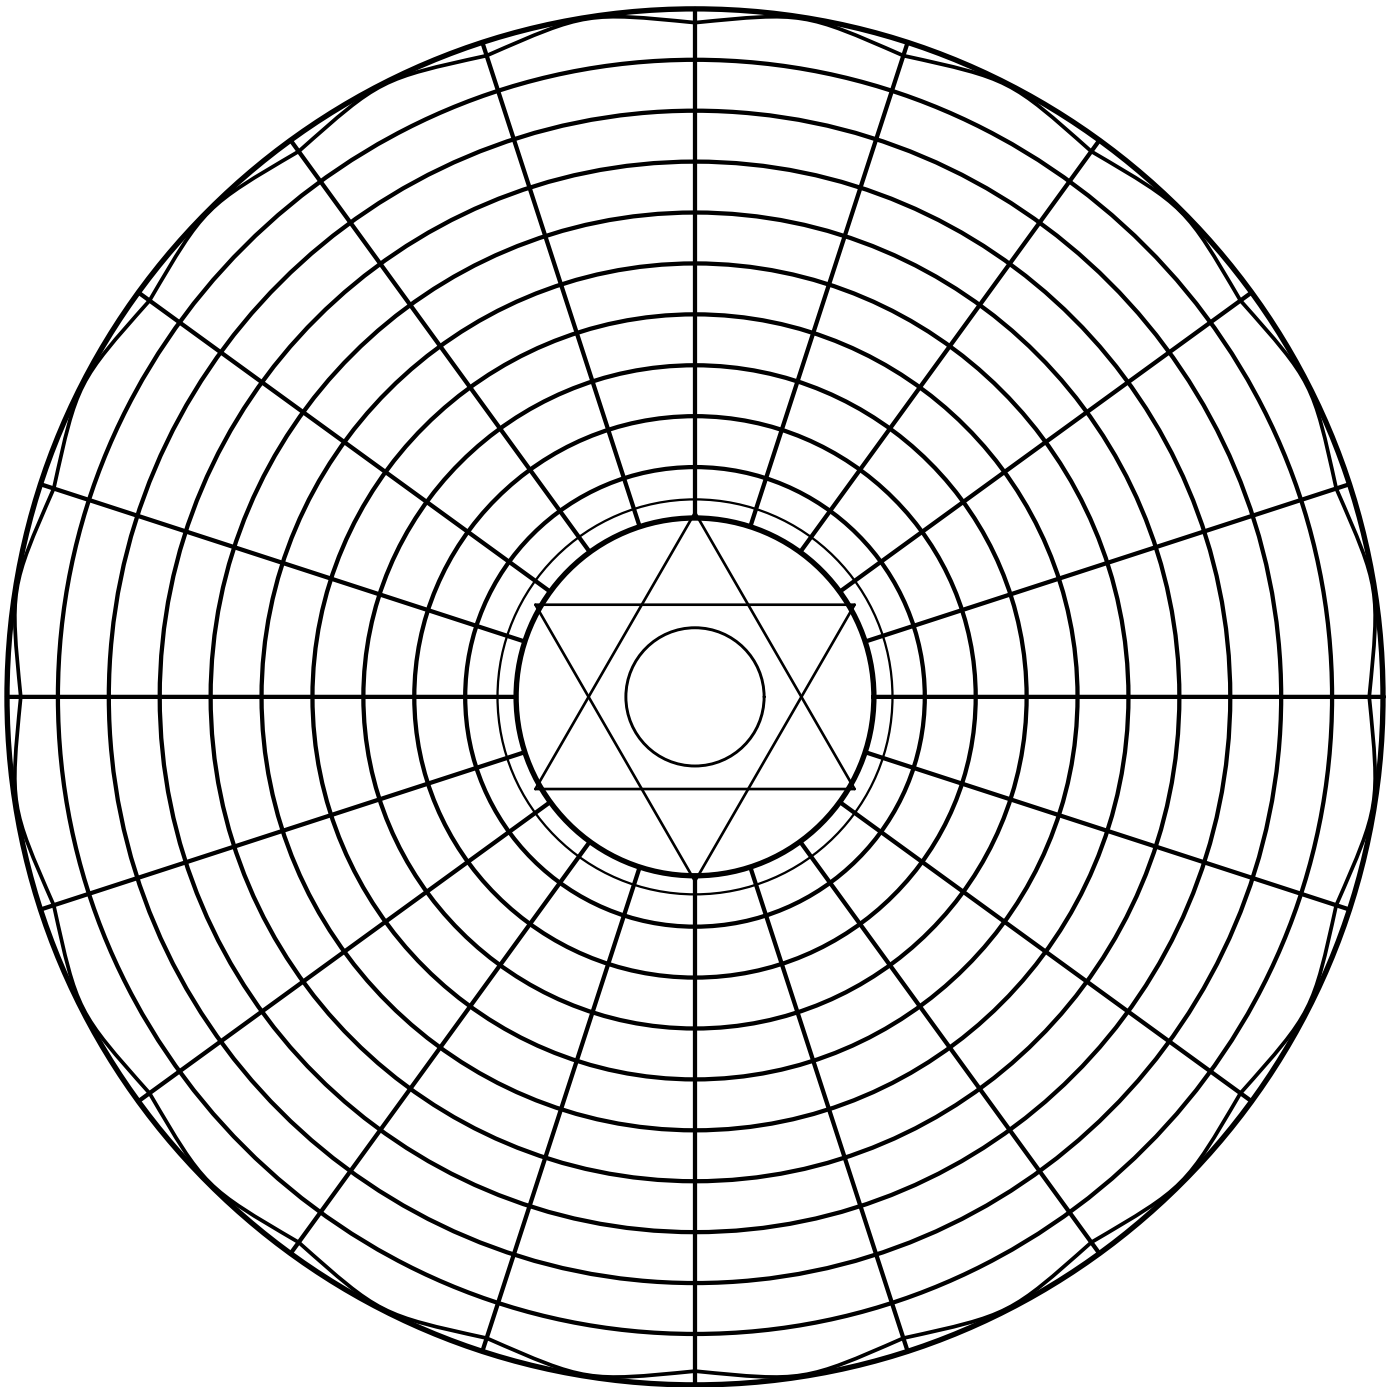

Sun Wheel

INTRICATE ·

Even spokes and rings weave a wheel of small cells – colour it round and round.

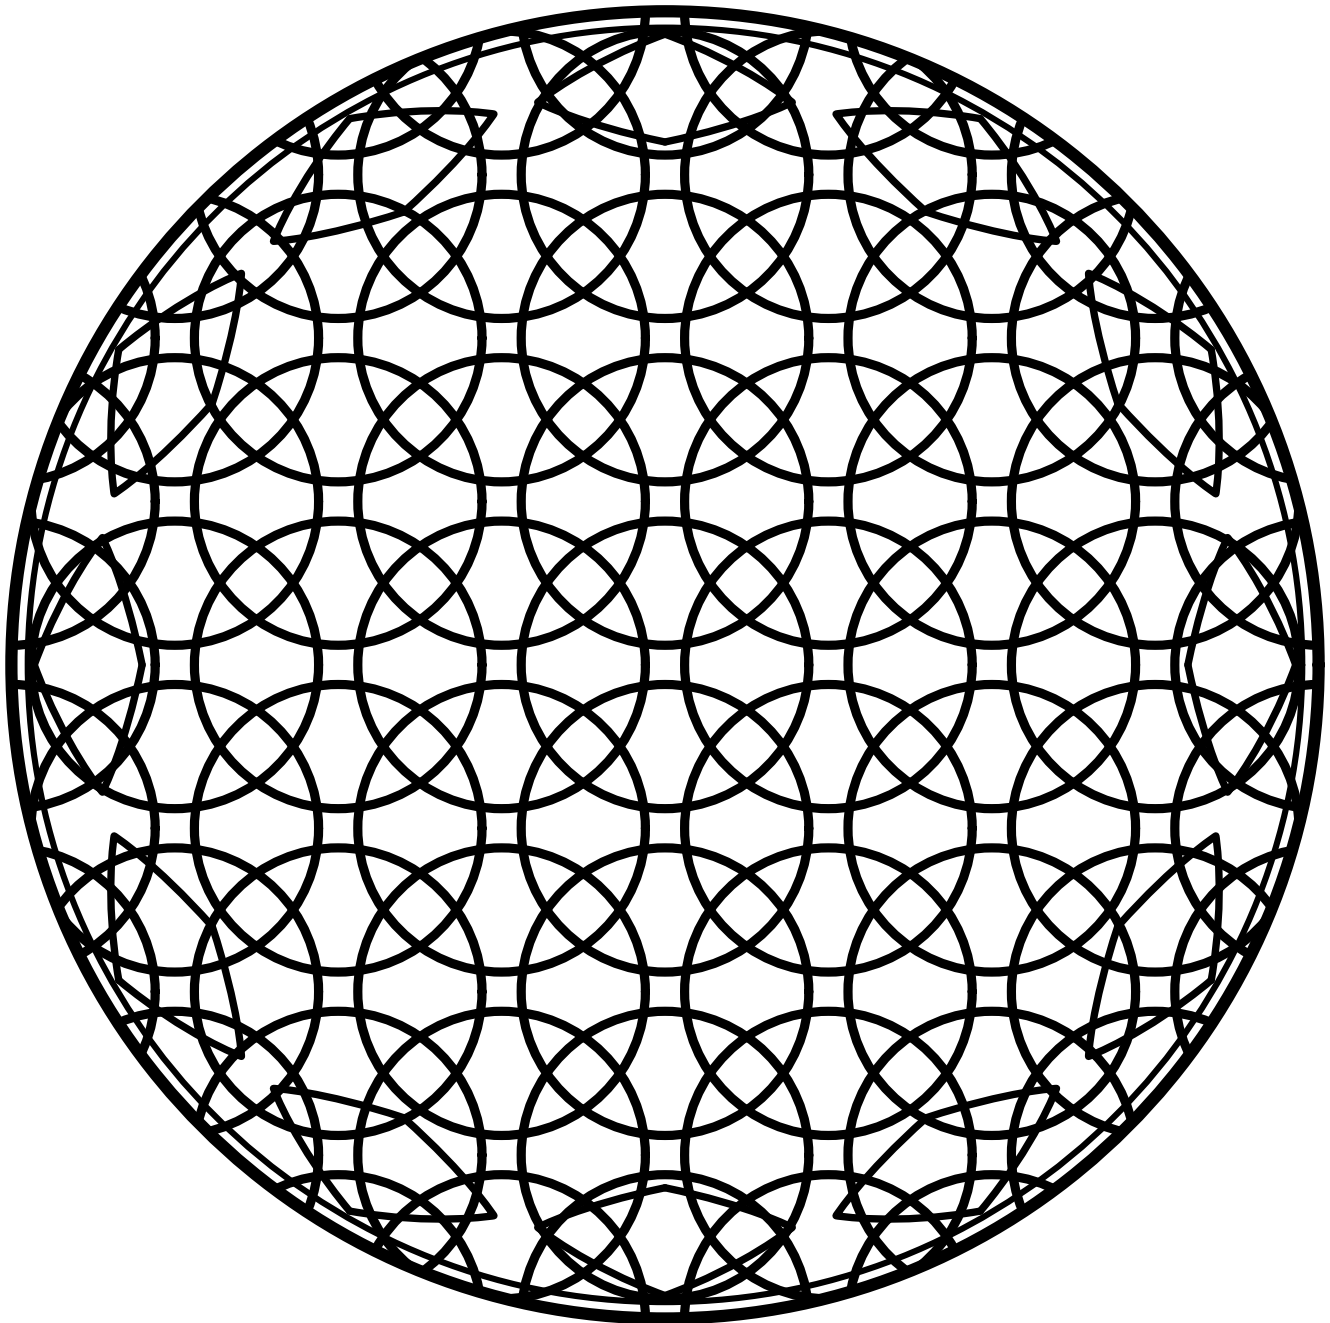

Rose Lattice

· BOLD & EASY ·

Circles crossing circles into open petals – a calm, endless mesh.

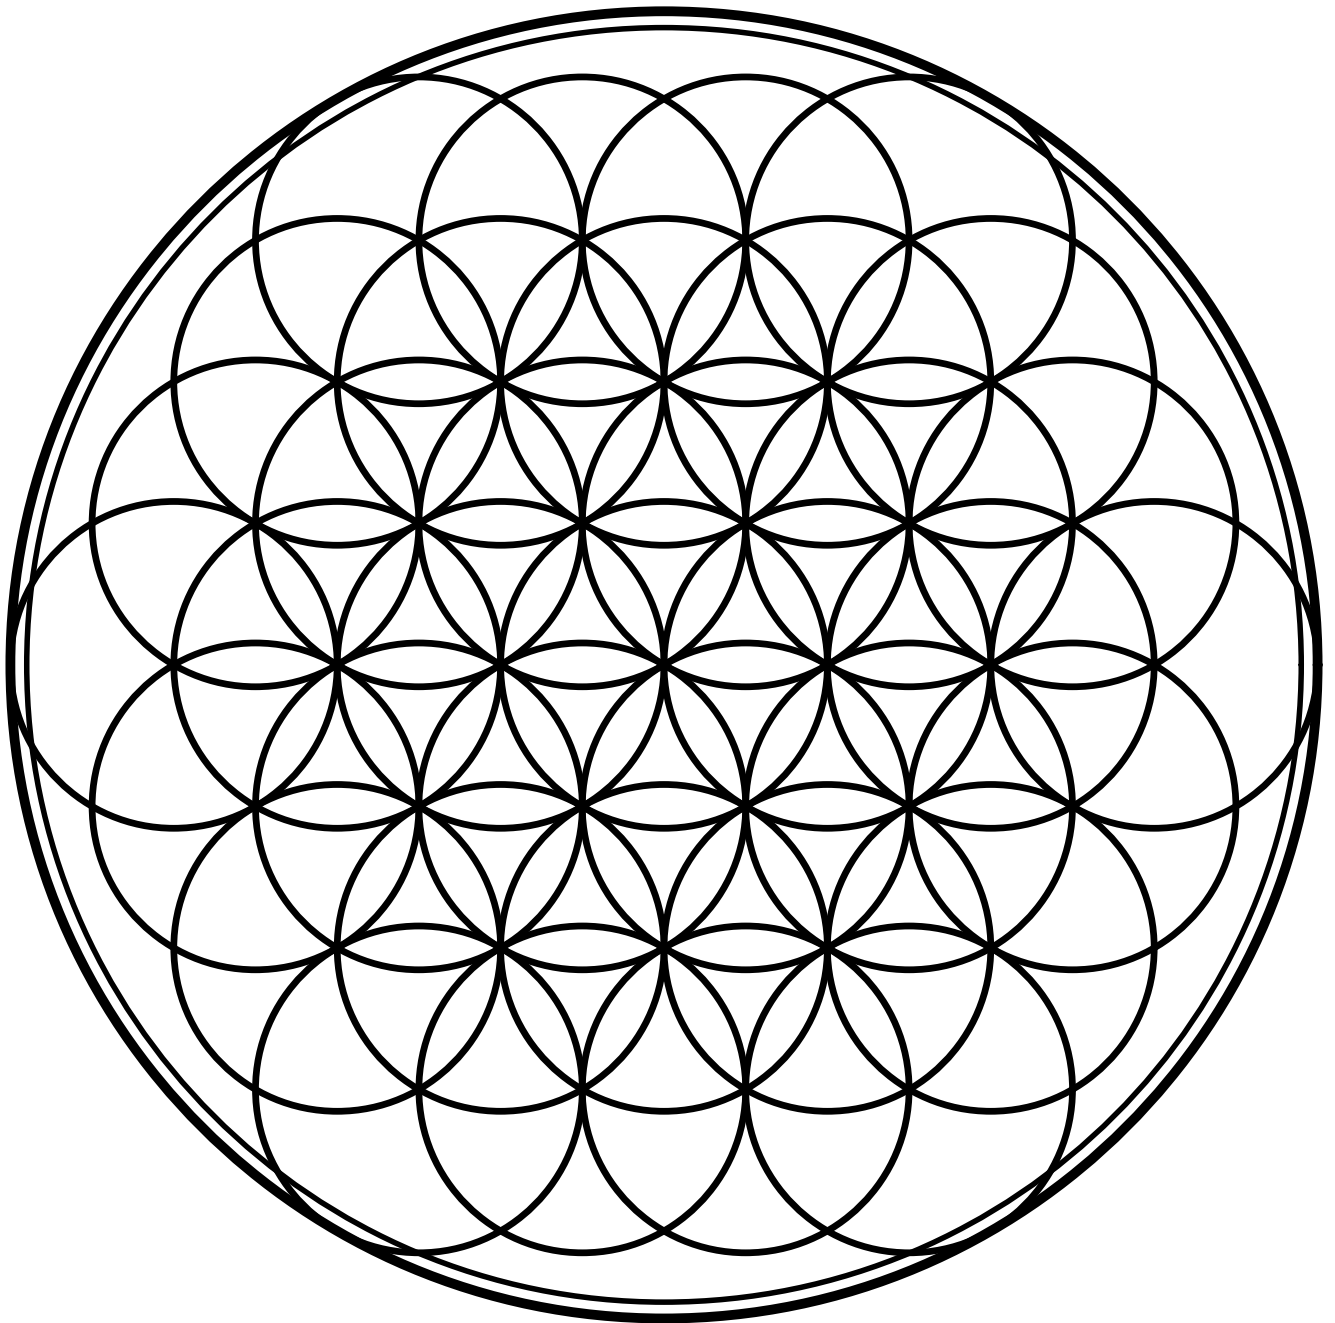

Seed Lattice

· BOLD & EASY ·

Seed-of-life geometry widened to a lattice — calm cells to fill.

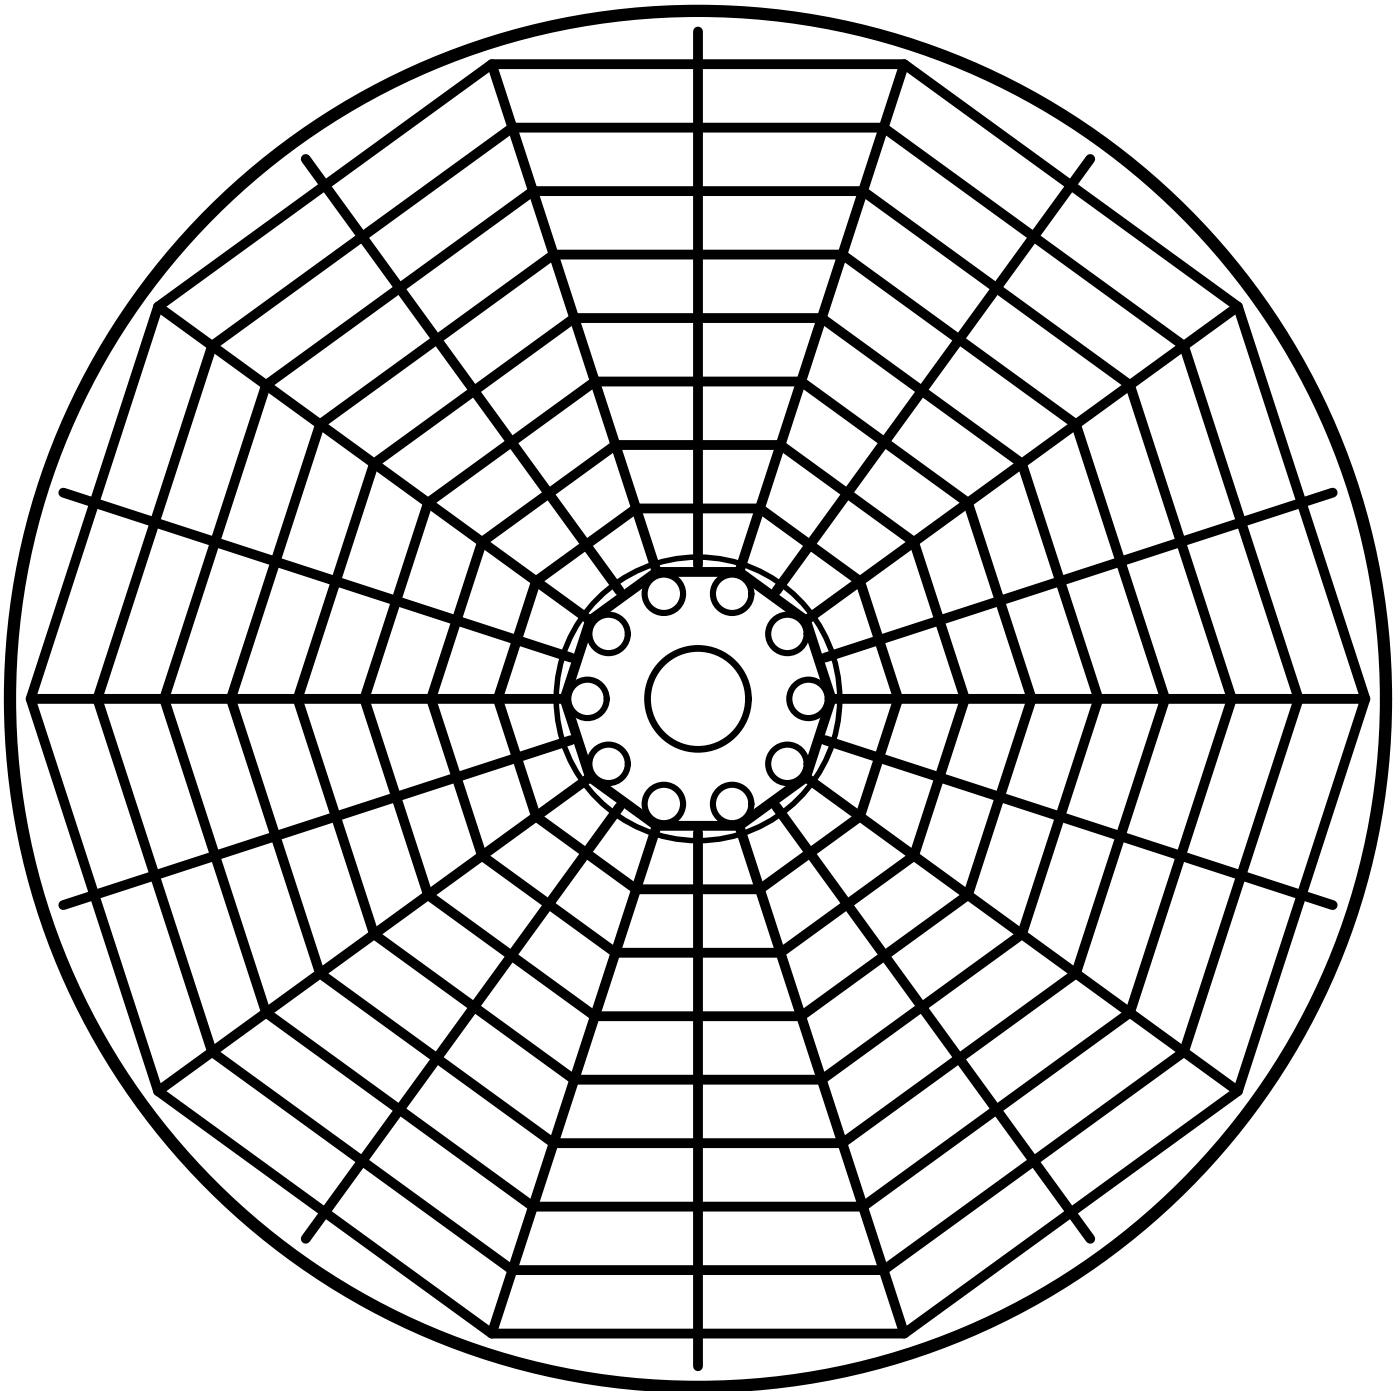

Radiant Star

· BOLD & EASY ·

A faceted web of angular rings and rays — fill each crisp shard in turn.

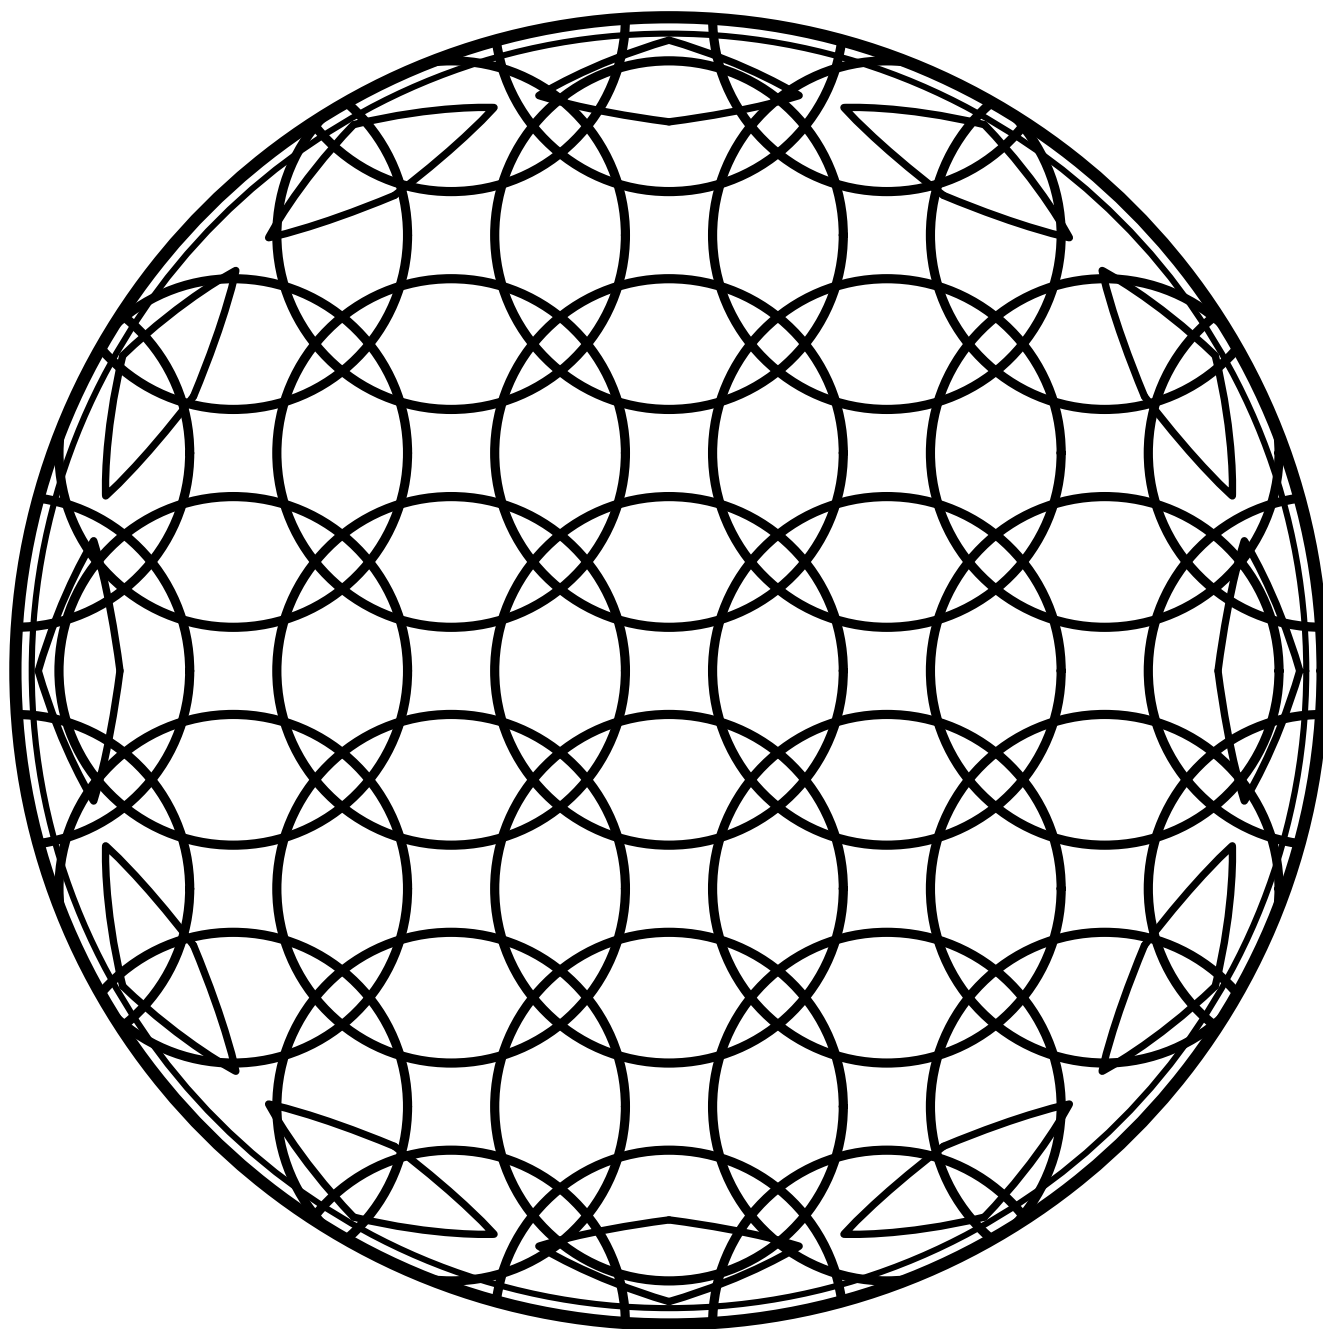

Woven Petals

· BOLD & EASY ·

A woven bloom of overlapping rings — fill each petal-shaped cell.

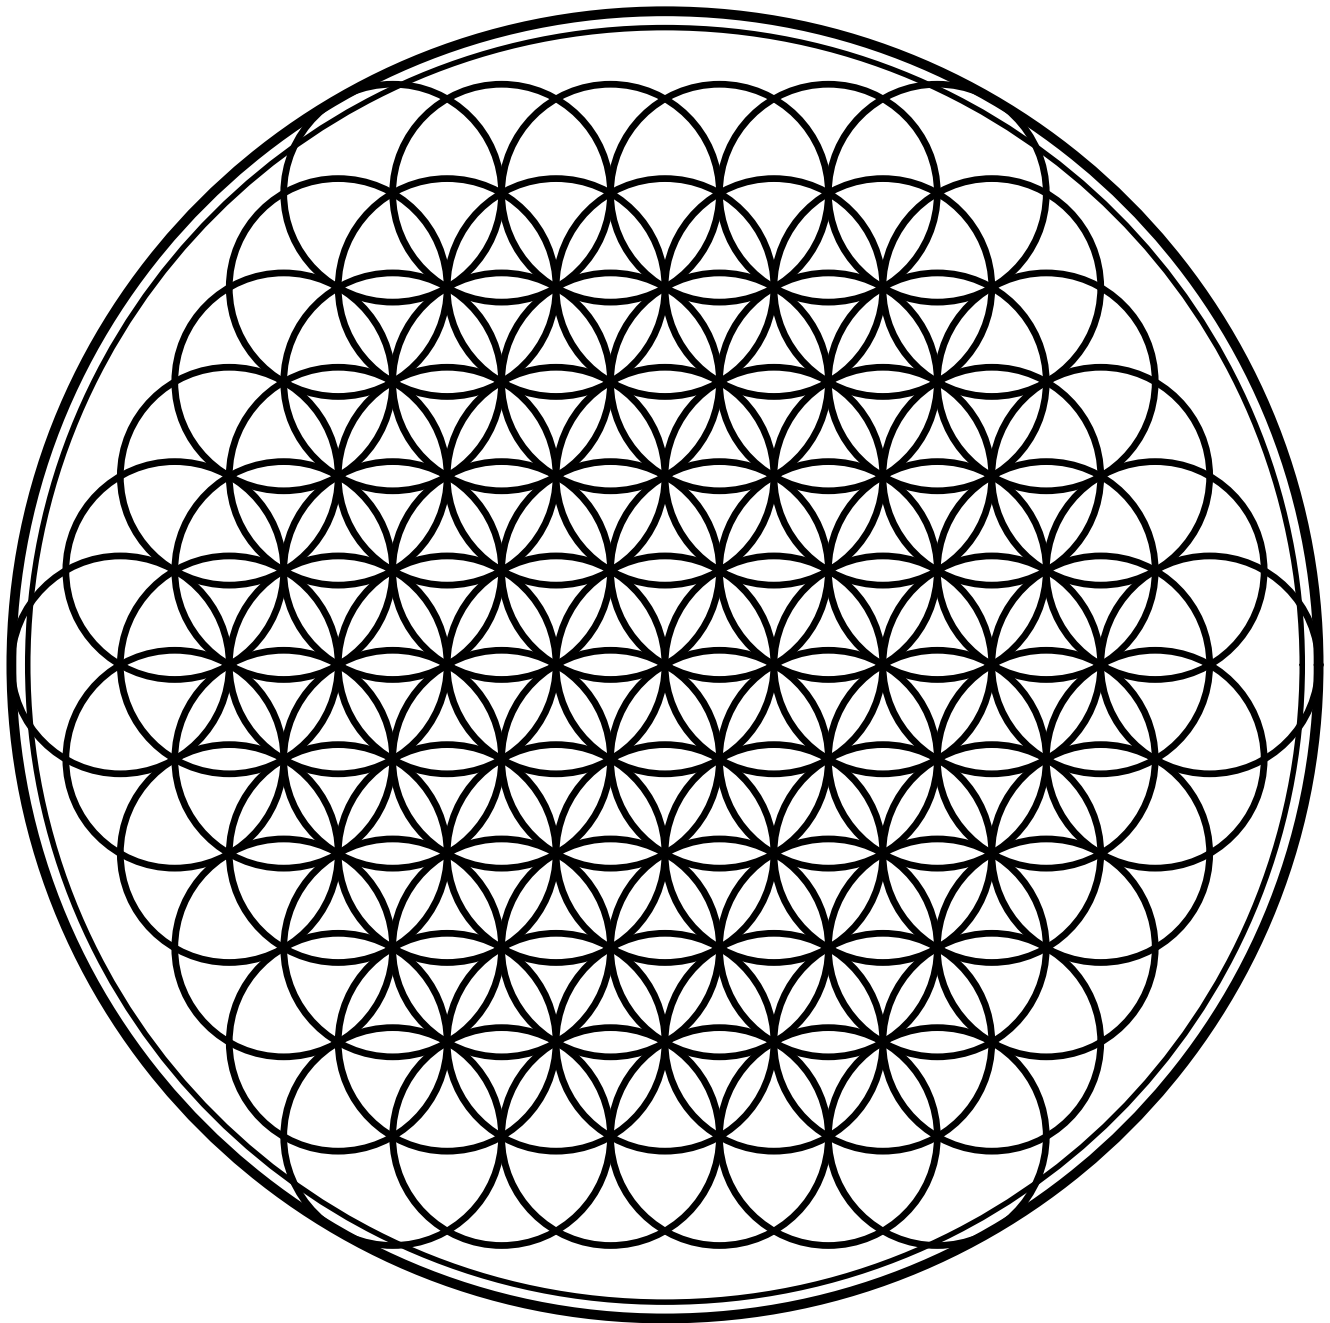

Honeycomb of Light

· BOLD & EASY ·

Circles overlapping into a quiet net — fill each petal-shaped space.

Radiant Grid

· BOLD & EASY ·

A radiant grid of rays and rings – fill each little facet in slow rotation.
